Anna Li

Web Developer
NZ Resident

About me

Kia ora! My name is Anna Li, and I am a web developer with 4 years of experience as a landscape architect.The pandemic provided me with an opportunity to witness firsthand the transformative power of technology in fostering connectivity. This experience sparked a deep interest in coding and served as a catalyst for me to pursue a career as a developer.

I see myself as a lifelong learner, constantly seeking new opportunities to grow and expand my skillset. My design background equips me to create beautiful and functional digital spaces that foster meaningful connections. I am enthusiastic about bringing my creative prowess and problem-solving abilities to new challenges.

Experience

Dev Academy Aotearoa, Online — *Web developer apprenticeship*

Aug 2022 - Dec 2022

- **Successfully completed a 17-week, full-time software development bootcamp.**
- **Mastered HTML, CSS, JavaScript, React, SQLite, Node.js, and APIs.**
- **Innovatively designed and developed YeahBook, a full stack React web application that facilitates networking and connections beyond graduation.**
- **Managed Git version control and participated in daily stand-up meetings and sprint planning.**
- **Actively engaged in pair programming, ensuring timely project delivery.**
- **Demonstrated proficiency in Figma and Git, consistently adhering to test-driven development principles.**

Boffa Miskell, Tauranga — *Landscape Architect*

Feb 2019 - July 2022

- **Collaborated with diverse teams on various projects, developing strong communication, problem-solving, and project management skills.**
- **Applied creativity and critical thinking to deliver sustainable and innovative design solutions.**

AWARDS

Winner

NZILA Nohonga, 2020

Winner

Installation,experiential , product

Resene Total Colour Awards

LANGUAGES

English,

Chinese(Mandarin)

- **Showing a keen ability to learn quickly, I adeptly picked up proficiency in various programs, including Adobe Suite (Photoshop, InDesign, Illustrator), Revit, AutoCAD, and GIS data processing. These skills greatly enhanced the quality and efficiency of my professional work.**
- **Developed my design and attention to detail skills through landspace design and spatial design.**

Education

Victoria University of Wellington, Wellington
Master's Degree in Landscape Architecture

2015-2018

Through the thesis year, I explored the possibility for the space design for aging population and that's where I start to look at what kind of technology can be embed to future landscape architect design and first time introduced to app design(AR, smart tracking and data processing).

- **Explored the integration of technology in landscape architecture design, including app design (AR, smart tracking, and data processing, Adobe xd).**
- **Developed strong design and problem-solving skills.**
- **Mastered the principles of landscape design and creative thinking.**

Interest

In my free time, I find joy in a variety of activities. You'll often find me gaming, strolling with my dog, capturing moments through photography, and indulging in my newfound passion for surfing in Tauranga. These pursuits enable me to connect with nature, unleash my creativity, and foster continuous learning and personal growth in various aspects of my life.
